**RE: R.M. Harris (208314)**

Dear Myron:

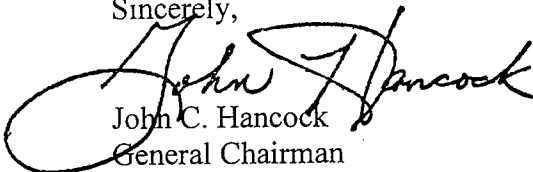

Please review the Statement of Earnings on behalf of Mr. Harris concerning three Code 09 payments being paid at a different rate of pay.

Mr. Harris was under paid on 2 of the payments and over paid on one of the payments. The correct payment would be the last car count; while there are different car counts, the hourly rate would only be a cent or two cents difference, whereas there are several dollars difference. In general, for a 100% employee, the Code 09 payment would be \$22.81 per hour, give or take 3 cents each way.

Moreover, this appears to happening at other supply points. This item needs to be reviewed on a systemic basis as it appears there is a miscalculation of proper Code 09 payments

Please investigate and advise accordingly.

Sincerely,

  
John C. Hancock  
General Chairman
